DURUM WHEAT SEMOLINA

THE LANCEROS STANDARD

Built for the rhythm of a professional kitchen

Service does not wait. A pasta that turns soft on the hold, breaks in the pot or changes from one delivery to the next costs the kitchen time, plates and guests.

LANCEROS is made from 100% durum wheat semolina and water, and nothing else. Every cut is produced to one fixed specification, so the pasta you approve on the first order is the pasta you get on every order after it.

Twelve cuts in a practical 5 kg pack, from the classic shapes on the main menu to the small soup pasta that fills the canteen pot.

FIRM BITE

Keeps its texture through cooking, holding and service.

SAME EVERY BATCH

One specification for every cut, every delivery.

KITCHEN FORMAT

5 kg packs sized for real kitchen volumes.
